APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of Lake Tahoe heretofore granted under Permit 25404 is issued subject to the terms and conditions imposed in said Permit 25404 and with the understanding that no other rights at the source shall be affected by the change proposed herein. A totalizing meter must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to a beneficial use. This permit is subject to the final allocation of the State of Nevada under the California-Nevada-Interstate Compact Commission. The State retains the right to regulate the use of the water herein granted at any and all times.

The issuance of this permit will limit the total annual combined duty under Permits 24350, 24351, 24352 and 25404 to 89.862 million gallons.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.5 cubic feet per second, but not to exceed

12.52 million gallons annually.

Actual construction work shall begin on or before January 27, 1979

Proof of commencement of work shall be filed before February 27, 1979

Work must be prosecuted with reasonable diligence and be completed on or before January 27, 1979

Proof of completion of work shall be filed before February 27, 1979

Application of water to beneficial use shall be made on or before January 27, 1980

Proof of the application of water to beneficial use shall be filed on or before February 27, 1980
